

IFROAR News Release

18 January 2017

Advice of President-Nominee for IFROAR

Dear Members

It is with great pleasure that I announce that Ed Tyler (N4EDT) from Pell City, Alabama, USA will be my President Nominee for the 2018-9 through 2020-21 term of office. I will Propose Ed to be the fellowship's President Elect in June this year at our fellowship's AGM in Atlanta City.

Many will know that Ed has been a long-serving treasurer of IFROAR and, more recently, he has been working with Secretary Phil (N9WHO) and Treasurer-elect Ingo (KK6EWB) to rejuvenate the USA chapter.

A little on Ed's background. He is a retired Data communications consultant (14 years with BellSouth) and prior to that, for 16 years, the manager of a large call centre. Currently, Ed is the Public Information Coordinator for the ARRL (Amateur Radio Relay League) in Alabama and has served a two year Rotational tour on the ARRL national Public Relations Committee. His experience also includes being a Past President of the Pell City Rotary Club and serving 3 years as the Chairman of the Pell City Foundation Investment Committee.

Please join with me in welcoming Ed's continued service with our fellowship.

With kind regards & 73's

Dr John Moriarty (ZL2JPM)

President, International Fellowship of Rotarians of Amateur Radio
